

Jack & the Beanstalk

Bean Planting Project

SUPPLIES

- Plastic Cups
- Potting Soil
- Bean Seeds
- Skewers
- Construction Paper
- Scissors
- Glue
- Cotton Balls
- Tape

INSTRUCTIONS

1. Scoop potting soil into a plastic cup until your cup is about 3/4 full.
2. Push 1-3 bean seeds into the soil, making sure the seeds are fully covered.
3. Color and cut out a castle and cloud out of construction paper.
4. Glue the cloud to the castle.
5. Glue cotton balls to the cloud shape.
6. Tape the castle with the cloud on it to the top of a skewer.
7. Stick the skewer deep into the soil.
8. Store your bean plant in a sunny spot like a windowsill. Be sure to keep your plant sufficiently watered!
